Forest Heights Haunted Frights

The Haunted House was held from October 26-27, and the Safe Harvest Extravaganza was held October 27. We would like to thank Councilman Kennedy II, Councilman Washington, Councilwoman Hines, and Councilwoman Brownson for organizing a spook-tacular event, and wish to thank our amazing volunteers!

We would like to give a special thanks to the Oxon Hill Papa Johns and its manager Bheskar Joshi. Mr. Joshi went above and beyond by not only donating his pizzas but also his time. We are proud to have such an outstanding partnership in our community.

TOWN OF FOREST HEIGHTS INFRASTRUCTURE UPDATES

The Town of Forest Heights is becoming an exciting and vibrant place to live. As we enter the season of thanks, we have a lot to be thankful for and we want to share some updates on our town's progress.

We have our share of infrastructure projects that need attention. Your Forest Heights Team, residents, staff, and elected officials, all agree we need to focus on improving the town's infrastructure. Infrastructure can be defined as the fundamental systems within our town that allow and support our daily functions. Our transportation network, the communication tools we utilize, access to safe drinking water and appropriate wastewater treatment, our methods to provide energy to keep the lights on and heat our homes, all these critical systems are within the scope of the Town of Forest Heights' infrastructure.

Our infrastructure is also an enabler for our local economy. Consider that we see the benefit of dollars being spent to make the improvements and, our residents and guests benefit from the infrastructure projects once they are finished. Currently, the town is in the process of working on and prioritizing both long and short range projects to improve or benefit our infrastructure. Below is a list of projects currently underway or recently completed in Forest Heights:

-Safe Routes to School Sidewalk Construction project on North Huron Drive (Underway)

-Rolph Drive Storm Water & Green Street Project (Completed)

-New Community Gathering Green Space (Park) at Sachem Dr. & Seneca Dr. (Underway)

-Implementation of Street Repaving and other street infrastructure projects throughout the town using Infrastructure Bond Funding (Coming Soon)

We believe it is important for you to know and understand what infrastructure improvements are planned so you can get excited about the projects moving forward and know where some of your tax dollars are being spent.

We invite you reach out and ask any questions or provide feedback so we can make the best decisions possible.

For more information about these and other projects, please contact me at 301-839-1030.

Our bold work today will benefit future generations in Forest Heights!

Town Administrator, Linwood Robinson
